SHERIFF

RAND HENDERSON

WESLEY DOOLITTLE

Sheriff Rand Henderson is clearly the most qualified candidate in this race. His opponent, Constable Wesley Doolittle while an accomplished law enforcement officer, simply lacks the requisite command experience to lead the 3000+ employees of the Montgomery County (TX) Sheriff's Office. (see qualifications comparison below)

During the campaign Constable Doolittle tried to paint a picture that violent crime was up and that 911 calls were not being answered under the Sheriff's supervision. Both charges were proven to be false. The only crime that is rising is auto theft related (primarily *catalytic converter theft*) and virtually all 911 calls are being handled in prompt manner.

While The Texas Patriots PAC still disagrees with Sheriff Henderson on the matter of incorporation, it is the duty of our organization to weigh the full measure of potential candidates performance and qualifications for public office. When all of the factors, both plus and minus were evaluated, Sheriff Henderson earned our endorsement and we urge you to vote to re-elect him on May 28th.
